INTERNSHIP

MERN-Stack Development Intern - Vinsup Infotech (P) Limited, Madurai | Duration: 1 Month

Gained practical experience in MERN-Stack web development. Assisted in building responsive frontend components and understood backend API integration.

PROJECTS

Employee Management System (MERN) - https://mern-ems-project-frontend.vercel.app/
Complete employee-management web app covering departments, attendance, leave, and salary workflows. Powered by REST APIs using Node.js and Express, MongoDB storage, and a React.js dashboard with JWT security and role control.

Personal Portfolio Website - https://gopinath09062005.github.io/portfolio/
Developed a responsive personal portfolio website using HTML, CSS, and JavaScript with a clean, professional layout. Highlighted resume, skills, and projects through structured sections including About Me, Education, Experience, and Contact.

Book Management System - https://gopinath09062005.github.io/book/
Developed a simple web page to manage book records using HTML, CSS, and JavaScript. Implemented CRUD operations to add, view, and delete books dynamically without refreshing the page.
